HOURS, WAGES AND RELATED PAYMENTS

IN

THE ONTARIO CONSTRUCTION INDUSTRY

1983

by

Research Branch

Ontario Ministry of Labour

November, 1983

Hon. Russell H. Ramsay
Minister

T.E. Armstrong, Q.C.
Deputy Minister

PREFACE

This is the eleventh edition of the Ontario Ministry of Labour's report on basic wage rates and fringe benefits established by collective agreements that apply to construction work in the Province.

The report classifies the data by the 36 principal cities in the metropolitan areas Statistics Canada has established for Ontario. Within each city, the occupations or trades are listed alphabetically.

For the report, 59 agreements were analyzed that set the pattern of wages and working conditions in commercial, industrial, institutional and residential building; and road, sewer, watermain and tunnel construction throughout the Province. All 59 agreements were in effect when the analysis was completed in November 1983. The full list of agreements analyzed appears in Appendix I.

The type of construction activity to which the rates of pay apply is identified by a letter code appearing in the second column of each table as follows:

CI = Commercial, industrial and institutional building

R = Residential

RD = Road

S = Sewer and watermain

T = Tunnel

The following abbreviations are used to identify the various entries in the "Special Funds" column of each table:

AF = Apprenticeship fund

AdF = Administration fund

TF = Training fund

UF = Union fund

Oth = Other fund(s)

This report was prepared in the Ministry of Labour's Research Branch.
